

City of Baxter, Iowa – City Council Meeting Regular Session

Monday, March 27th, 2024, at 6:00pm

City Hall Chambers, 203 S. Main St., Baxter, IA 50028

Mayor Bishop called the meeting to order at 6:00pm. Present were Jamie Milligan, Stephen Smith, Josh Meckley, and Dan Kunkel. Late arrival – Dan Kunkel. Others present were members of the public and two representatives from IRUA.

Smith moved to approve the agenda. Kinzel seconded. Ayes: Milligan, Smith, Meckley and Kinzel (Kunkel not present during the vote). Motion carried.

Clark's Addition discussion – lengthy discussion about proposals and next steps.

IRUA representative, Raymond Spangenburg, shared with the group that the existing water main feeding water to Clark's Addition (along Station St.), which is outside of the Baxter city limits, would be considered by the DNR a water distribution system. Per Ray, if there are more than 6 taps on a private water main, the distribution system would need its own water operator.

Meckley motions that Clark's Additions residents need to make application/contact IRUA by May 1st, 2024, with intent to complete with 120, being advised by IRUA. Kinzel seconded. Ayes: Milligan, Smith, Kunkel, Meckley and Kinzel. Motion carried.

Smith motions to adjourn at 7:26pm. Meckley seconded motion. Ayes: Milligan, Smith, Kunkel, Meckley and Kinzel. Motion carried.

Jamie Milligan, Council Member

Doug Bishop, Mayor
