Subdivision 1315. Performance Standards.

In order to insure compliance with the performance standards set forth below, the City Council may require the owner or operator of any permitted use to have made such investigations or tests as may be required to show adherence to the performance standards. Such investigation or tests as are required shall be carried out by an independent testing organization selected by the City. Such investigations or testing shall be ordered by the owner or operator. The cost of same shall be shared equally by the owner or operator and the City, unless the investigation or tests disclose non-compliance with the performance standards, in which situation the entire costs shall be paid by the owner or operator.

1315.1 Noise.

At any property line the sound pressure level of noise radiated from an industrial operation shall not exceed the values given in Table 1 herein. The sound pressure level shall be measured with a Sound Level Meter and an associated Octave Band Analyzer, both of which are manufactured to specifications published by the American Standard Specifications for an Octave Band Filter Set for the Analysis of Noise and Other Sounds, Z24.10, 1953, American Standards Association, Inc. New York, New York. Measurements shall be made using the flat network of the sound level meter.
